Without Warning is the gripping saga of the Battle of Gettysburg, the Union patriots who fought it, and the man who led them. It scrutinizes the role character plays in leadership and the challenge of unexpected, "without warning" moments. Built firmly on over a decade of historical research, this epic novel brings to vivid life seven unforgettable days in the lives and trials of a Union General and his men as they brave the winds of war to save the United States of America.

Thundering Courage is the riveting story of George Armstrong Custer and the Union Cavalry's 2nd & 3rd divisions at Gettysburg. The story follows the boy generals and the unsung hero who keeps the human thunderbolt on a tight, short string. Built firmly on the annals of history, *Thundering Courage* journeys through the hearts and minds of Union Cavalry heroes who face the agony of choosing between blind obedience and justified defiance at the battle of Gettysburg.

A young Canadian woman escapes her abusive father by disguising herself as a man and seeking refuge in the United States, a country about to be torn apart by civil war. Though able to claim neutrality as a foreigner, she finds it impossible to turn her back on an enslaved people and risks everything to continue her masquerade and join the fight to free them. As a Union soldier, she learns that neither the constant fear of being unmasked nor the danger she faces under fire can compare to the unrelenting peril she must endure as a spy behind Confederate lines. But when her lover is captured and imprisoned, she learns that love can drive her to take even greater risks. Soldier Girl Blue is based on the remarkable true story of Sarah Emma Edmunds of New Brunswick, Canada, a little known Civil War heroine.
